Riverbend Watershed Monitoring Grant

Grant Agreement No. RWF-2026-031

This Grant Agreement is made between the Riverbend Water Fund (the Fund) and the Eastside Community Science Lab (the Grantee). This document is fictional and provided for demonstration only.

The Grantee will use the grant to run a two-season water quality monitoring program with high school volunteers along the lower Riverbend watershed.

Section 1. Grant Period

The grant period begins on March 1, 2026 and ends on February 28, 2027.

Expenses incurred before the start of the grant period will not be reimbursed.

Section 2. Use of Funds

2.1 Grant funds may be used only for costs that are reasonable and directly related to the monitoring program.

2.2 Grant funds may not be used for alcoholic beverages, gifts, or entertainment.

2.3 Political campaign contributions are unallowable.

2.4 Domestic travel for field sampling is allowable within the approved budget.

2.5 Foreign travel requires the prior written approval of the Fund's program officer.

Section 3. Equipment

3.1 Equipment purchases may not exceed the amount shown in the approved budget.

3.2 Any single piece of equipment costing $5,000 or more requires the prior written approval of the program officer.

Section 4. Participants

4.1 Stipends and travel for student volunteers must be paid from the participant support line and may not be moved to other budget lines.

Section 5. Reporting

The Grantee shall submit an interim report by September 30, 2026 and a final report within 60 days after the end of the grant period.

Unspent funds shall be returned to the Fund within 90 days after the final report.
